

Class-VIII

M.Sc, Lesson-6

A. Answer the following:-

1. Who are more likely to be criticized and why?

Ans. Those who do more are criticized more because this world is liable to be criticized.

2. What is destructive criticism?

Ans. Destructive criticism is unhealthy and is dangerous.

3. Why do people criticize others?

Ans. Because it is a kind of review or analysis so as to find the good points as well as the bad ones.

4. Why is it not easy to accept criticism?

Ans. Because we have too high an opinion about ourselves and we feel that whatever we do is always right.

5. Why did Nisha decide to withdraw from all activities?

Ans. Because Nisha felt miserable listening to all the comments.

6. In what way was Jyoti's criticism different from that of the others?

Ans. Jyoti's criticism was constructive criticism.

7. Why did Nisha feel miserable when she was criticized?

Ans. Because she felt that it was an excellent performance.
