Lesson 9 Gulliver's Travels

Answer the following questions

1. How did Gulliver land up on the island of Lilliput?

Ans. Gulliver was a young English man. He was a surgeon by profession but his heart lay in travel. While sailing, rocked about by ragging waves, winds and rain his ship headed straight for some large rocks. Just before it smashed into the rocks Gulliver was thrown off the Deck. He lost consciousness as he hit the water and landed on the island of Lilliput.

2. When Gulliver gained consciousness, what did he find ? describe his situation.

Ans. When Gulliver gained consciousness, he found himself tied with ropes. He couldn't move . He looked down at himself and found that there were two strings running right across his body ,tying him firmly to the ground.

3. How did the Lilliput look after Gulliver and what did he do in return for them?

Ans. The Lilliput ians served him baskets of fruit, meet and barrels of delicious drink. when the people of Lilliput saw that gulliver was a friend ,they came out in thousands to see him. They Climbed all over his body using Ladders. Gulliver help them to defeat the Army of Blefuscu.

4. How did Gulliver capture the feet of Blefuscu and what happened to them?

Ans. Gulliver made a huge net with the help of the Lilliputian soldiers. Then he waded into the sea .The enemy who were also as Tiny as the Lilliputians, were terrified when they saw a mountain like man make his way to them. They tried their best to back off but Gulliver captured them in his net. The entire Army of Blefuscu was made prisoner.

5. Why was the king upset when will I ever wanted to leave? Why did he agree to let him go?

Ans. Gulliver was indeed a good friend to have so the king was upset when he wanted to leave. But Lilliput could not afford him anymore. They could not feed him the quantities of food a man of his size required. Does the king thought it might be wiser to let him go.
